

National Child Passenger Safety Certification Training Program

May 10, 11 & 12, 2018

8:00 a.m. to 5:00 p.m. each day

Falmouth Fire-EMS, 8 Bucknam Road, Falmouth, ME

Who Should Attend?

- Law Enforcement
- Emergency Medical Services
- Firefighters
- Nurses
- Healthcare Professionals
- Childcare Providers
- Car Dealership Personnel
- Physical Therapists
- Social Workers

This training provides the basic technical skills, experience, and knowledge about the proper use and installation of child car seats that are needed when working with parents and caregivers with child passenger safety needs.

Course Content

This training will provide participants with the technical skills to:

- Identify and correct the misuse of child car seats
- Serve as a community child passenger safety resource and participate in car seat checkup events
- Educate others about child passenger safety issues
- Reduce potential liability through standardization
- Receive knowledge and skills to meet national certification

The training is taught through a combination of lectures, hands-on practice, role-playing, and written and hands-on skills testing and it concludes with a real-world car seat checkup.
